

NEBOSH

Accredited Programmes

NEBOSH Diplomas are globally recognised qualifications aimed at professional health and safety Advisors and environmental practitioners.

NEBOSH International Diploma

There is no prerequisite for this training however it is highly recommended to have a broad knowledge in the workplace health and safety. An International or a National General Certificate is suggested.

Who should attend this course?

The NEBOSH International Diploma is designed to provide students with the expertise – wherever in the world they may be working – required to undertake a career as a safety and health practitioner.

It also provides a sound basis for progression to an MSc or more specialist study (such as the NEBOSH Specialist Diploma in Environmental Management).

Assessment:

This qualification is assessed through the three 3 hour exams for Units A, B & C and a workplace-based assessment for Unit D which are set by NEBOSH.

Is this qualification recognised?

On successful completion of the qualification, the Diploma holder may apply for Graduate membership (Grad IOSH) of the Institution of Occupational Safety and Health (IOSH), (www.iosh.co.uk). This qualification is also accepted by the International Institute of Risk and Safety Management (www.iirmsm.org) as meeting their requirements for full membership (MIIRSM). United Kingdom professional health and safety bodies have a growing international reputation with a number of international branches being formed.

Holders of this qualification may use the designatory letters I Dip NEBOSH after their name.

Certification:

Upon pass exam the student will earn passed certificate from iasp campus: www.iaspcampus.com

Days: 5 days + 1 day for exam
